Introduction

Targets – 21

Indicators – 70.

- These 70 indicators show where the village stands in terms of being a socially just and socially secure village.
- The Panchayat has to take initiatives so that it can move towards the goal of becoming a socially just and socially secure Panchayat.
- At the Panchayat level, initiative should be taken for the proper implementation of various projects of the State and Central Government, and such work which can be done at low cost and without cost should be taken up by the Panchayat.
